

2011 Photography Contract Conditions

A deposit of \$300 has been received for July 18, 2011. The remainder (\$1199) is due the week before the wedding. Checks returned for insufficient funds will be subject to a \$25 service charge.

Pierce Photography is the exclusive photographer retained to perform all the photographic services. The photographer will not be held responsible for lack of coverage due to other vendors or guests not complying with the schedule. The photographer must be allowed to perform photographic services without interference from guests or vendors (especially videographers). The photographer will be provided with the same meal and seating as the guests at the wedding.

The prices detailed in this contract are in effect for up to two months after the date of the wedding. Orders placed after that period will be calculated at the current prices.

Pierce Photography reserves the right to use reproductions for display purposes or for use in the upcoming book.

Pierce Photography takes every reasonable precaution in creating photographs. However, in the event of mechanical failure, my liability is limited to a refund of all monies received.

Cancellation or postponement of wedding constitutes a credit for any deposits made. Credit is non transferable and non refundable.

We have read the above agreement. We understand it and agree to these terms.
